

TORUS SPHERE

The **TORUS SPHERE** connects the high energies of reality with the rhythms of the here and now.

It purifies one's own energies of all etheral levels, brings into harmony with the flow of life and thus to one's own being. Thereby it supports in the transformation of the collective.

Each individual has his own torus field, the origin of which lies in the center of his heart. The TORUS SPHERE reinforces this energy field, which flows in a toroidal shape, and at the same time connects with the energy of METATRON.

The sphere reminds us of the highest rhythm of life that seeks to awaken within us: the breath of God. This circulating life energy, which seeks to expand further into all life, acts

through us in our sphere in the form of the torus. It also has the ability to draw our Divine aspects from the universe.

When you hold the TORUS SPHERE in your hands, you are guided into your center—this is always accompanied by an increase in frequency.
